**UKRAINIAN LANGUAGE CLASSES**

If you speak to a person in a language they understand, that goes to their **head**.

If you speak to a person in their own language it goes to their **heart**.

We invite you to learn the language of your partner, loved one or relatives from the comfort of your home

**UKRAINIAN LANGUAGE**

**Cape Town**

*Olga Kononenko*

When choosing a university, I was guided by the fact that language education promotes the development of ethnic identity. I settled on studying Ukrainian language and literature. I'm very pleased to join the Ukrainian school and help children fall in love with the Ukrainian language.

**Pretoria**

*Anzhela Sevenster*

I have a passion for teaching and love for languages. With a degree in Philology I made use of different teaching techniques in order to achieve 2 goals: a learner of any age will be able to understand and speak Ukrainian language as good as native speakers do.

---

**TRADITIONAL DANCE**

**Cape Town**

*Marina Theron*

I was trained in Ukrainian traditional folk dance in dance troupes of "Lyubystok" and "Veselka". Ukrainian dance is the heritage of world choreographic arts and Ukrainians' national pride. It is a joy and privilege for me to represent Ukrainian culture to children as a Dance Instructor.

**Pretoria**

*Kateryna Ploshyna*

I like to discover this world through the lens of dance, that's why I chose to be a choreographer. I invite everyone to join Ukrainian school where we will learn language and traditions through movement.

---

**FOLK MUSIC & ART**

**Cape Town**

*Tatiana Hum*

I am a self-taught artist. Only by living far from home I opened a whole new world to bright Ukrainian folk art and realized how important it is to learn and appreciate your own roots!

**Pretoria**

*Olga Tsyganiuk-Jacobus*

Singing has always been an important part of my life. I sang in the Palace of Culture. I hold diplomas in various regional and all-Ukrainian festivals and competitions. I graduated from the Pedagogical University with a Faculty of Practical Psychology.
